WHAT IS GOOGLE ADWORDS?

A simple answer, it's advertising on Google.

To explain further, it's getting your business in front of hundreds if not thousands of ready buyers that are searching for your type of business, products or services, right now.

Your future customers are searching Google for you right now. And 8WEB makes sure that your ad is shown on the Google Search Results Page to them.

YOUR FUTURE CUSTOMERS ARE SEARCHING GOOGLE FOR YOU RIGHT NOW.

8WEB MAKES SURE THAT YOUR AD IS SHOWN ON THE GOOGLE SEARCH RESULTS PAGE TO THEM.

WHY IS GOOGLE ADWORDS A MUST FOR ANY BUSINESS?

Your ads are shown to only those who are interested in your type of business, product or service, and are ready to buy.

Further targeting the right location, demographics, and interest groups, allows for more click-throughs to your website, and hence more business.

If you do not have Google Adwords set up, the ready buyers will give their business to your competition.

IF YOU DO NOT HAVE GOOGLE ADWORDS SET UP,
THE READY BUYERS
WILL GIVE THEIR BUSINESS
TO YOUR COMPETITION.

WHY 8WEB?

There are many people who can help you get Google Adwords set up and essentially point to the couple of hundred clicks of your ad as success. But that is so short-sighted, and misses the real point of setting up Google Adwords: converting the ad clicks into warm leads (our job), and then, converting those warm leads into actual sales (your job).

What 8WEB does is beyond the numbers. We provide our clients with the warm leads from get go, and then we set out to optimise the Google Adwords campaign so as to provide you with even more warm leads.

In short, we make it easy for you to do your job, which is to make more sales, and in turn more money.

On average the Google Adwords campaign was generating 9 sales per month.
